Navigation with AV System

- Navigation with AV system is provided. For details of provision, see Equipment List starting on page MO-23.
- Through the use of the GPS (Global Positioning System) and map data which is stored on a DVD, the navigation system analyzes the position of the vehicle and indicates that position on the map displayed on 6.5-inch wide LCD (Liquid Crystal Display) with a pressure sensitive touch panel.

Bluetooth® Hands-free System

- The Bluetooth® hands-free system is provided. For details of provision, see Equipment List starting on page MO-23.
- The Bluetooth® hands-free system allows the driver to make or receive a call without taking their hands off the steering wheel when the system is linked with a Bluetooth®-compatible cellular phone.

— REFERENCE —

Bluetooth® is a trademark owned by Bluetooth® SIG (Special Interest Group). Bluetooth® is a high-speed wireless data communication function that uses the 2.4 GHz frequency band prescribed by the Bluetooth® SIG, with communication at a speed of 1 Mbps.
